Dear Peter

Route 393

Thank you for your letter asking us to comment on your proposals.

We have reservations about the proposed route as the current route currently serves areas that do not have other bus services running on them. Our other concern is that an interchange between Kentish Town national rail station would be lost on the proposed route. We would therefore strongly support the retention of the existing route.

Thank you for the opportunity to comment on your proposals. If you have any queries on this response please do not hesitate to contact me.

Yours sincerely,

Mark Donoghue
Committee Administrator & Bus Policy Assistant
